## handcrafted poly outdoor furniture

### Worry-Free Outdoor Living

Designed for comfort and beauty, our woodgrain poly lumber looks like wood, but requires none of the maintenance. Made from recycled plastics, the HDPE material we use is easy to clean and resistant to water, mildew, moisture, insects, UV rays, and chemicals. No matter what life throws at it, our outdoor furniture made with poly lumber is built to last.

### GENERAL CLEANING

- Scrub boards with soap and water solution using a sponge or plastic bristled brush.
- You can use a soft bristled toothbrush to clean spaces that are hard to reach.
- To remove surface dust, just wash furniture with cold, clear water.

### DEEP CLEANING

- A pressure washer can be used on the lightest setting to deep clean your furniture. Not recommended to use more than 1500 psi. Keep the tip of the washer 10 to 12 inches away from the furniture so it does not get damaged.

#### CONFIDENTLY DURABLE

No rotting, splintering, or peeling with materials that stand the test of time.

#### LASTING BEAUTY

Colors and textures remain flawless with no painting or staining required.

#### SUSTAINABLY MADE

Recycled materials create an unrivaled performance lumber.

#### EASE OF CARE

Simply wash with soap and water; no need to waterproof.

#### MADE IN THE USA

Our products are made in the United States.
